HOW YOUR WIRING COLORS YOUR COMMUNICATION

If you've ever said the wrong thing – or said the right thing the wrong way – you know how quickly your mouth can make a big mess. But it doesn't have to be that way.

This 6-session video study explores how your wiring affects what you say, how you listen, and how others hear you. Using the video study alongside the Workbook, you'll learn a simple framework that will instantly improve your communication. And you'll see how advice from the apostle Paul thousands of years ago may have held the secret all along.

GROUPS

@SALEMGRACE

FALL 2019

WELCOME

GROUPS @SALEMGRACE seeks to foster spiritual formation through learning together in community. We believe this method was exemplified by Jesus who chose a small group through which to develop his followers and ultimately to illuminate the world.

This catalog will help you find ways to get connected to one of these groups. Our groups meet in several locations.

Each of these groups is important and meant to help us grow at different points of our journey. After you sign up, your group leader will be in touch regarding the specific start date and place for your first meeting. If you do not hear from your leader, call us at (618) 548-0881 or email me at mscopley@saalemgrace.com.

HOW TO SIGN UP

Choose 1 of 2 ways to sign up:

1. Complete a card on Sunday morning and return it to the GOT QUESTIONS? TABLE at the back of the worship center. Use the Grow Group Number (GG#) from the group description.
2. Visit our website (saalemgrace.com) or Facebook page and click the link provided there to "Sign Up for a Group".

If you need further assistance, please call Pastor Mark at **(618)548-0881**.

Three Kinds of Groups:

GROW

Grow Groups gather to study, learn, and grow together. It could be a discussion around the last week's sermon, a video topical study, or a book of the Bible. Some groups focus more on study while others more on socializing. You'll find a gauge to clarify the focus of each group.

ACTIVITY

Activity groups gather around a shared activity. Their focus is less on study and curriculum and more on building relationships. It could be a game, a hobby, exercise, or music.

SUPPORT

Support Groups meet to encourage one another during specific life events. You'll find these groups have an exact focus in seeking to help one another to endure and overcome life's struggles.
